Nuts and Bolts of Behavioral Health and I-DD for Legislators

May 17, 2018

izi Center for Integrative Health

- A new organization with an old soul
- Mission: *To foster collaborative and evidence-based initiatives to improve the quality and efficacy of the behavioral health, intellectual and developmental disabilities, and substance use care and support services systems within a comprehensive system of whole person care*
- Our Collaborators: service providers, plan managers, recipients, and stakeholders, public and private sectors

Our Work

- **Convene**
 - ✓ a broad spectrum of stakeholders
- **Strategize**
 - ✓ around critical policy issues
- **Activate**
 - ✓ solutions to ensure quality, whole person care

A Broad Spectrum of Stakeholders

- Not Member-based: We do not represent a single position or carry the water for a particular group
- Open to Public and Private Entities
- Providers and Payers
- Community Stakeholders: Local, State
- Consumers and Recipients
- Our Board: Provider, LME-MCO, DSS, Consumer/Advocate, Hospital

Critical Policy Issues

- Business Practices
 - ✓ Specific to BH/I-DD
 - ✓ To Support Integration of Primary/Behavioral Health & I-DD
 - ✓ Related to Medicaid Transformation
- Policy Issues
 - ✓ Medicaid Transformation
 - ✓ State Funds
- Consumer Concerns
 - ✓ System Navigation

Solutions to Ensure Quality, Whole Person Care

- Collaboratives
- Policy Exchanges
- Conferences
- Information Dissemination
