ALEXANDER YOUTH NETWORK

FOYER EXHIBIT

Alexander Youth Network provides quality professional treatment to children with serious emotional and behavioral problems. We offer a complete service array with nine treatment models that address a child's individual needs. We focus on cultivating valuable relationships and trust. From assessment and Outpatient Therapy to acute services like Psychiatric Residential Treatment, our continuum of care enables a stable progression from one level of treatment to another. Since children and their families can find all the services they need within our network - rather than having to seek out multiple providers - relationships and trust established at Alexander remain intact.

ARRENDALE ASSOCIATES
BOOTH #71

Arrendale Associates and its subsidiary, A+Network Transcription, enhance provider clinical documentation workflow with HIPAA audit logging and flexible workflow. Our software and services allow each provider to document in their own preferred method with a data repository of dictation voice files and text transcript files. A favorite Behavioral Health workflow is provider dictation using our secure Mobile+ app between appointments and while traveling. Our software platform then creates transcripts by 1) Turbo-charged Dragon front-end speech recognition (ready at their PC desktop) or 2) A+Network Outsourcing or 3) Facility Transcript Creation. Arrendale software automates printing, faxing, esignature and EHR delivery.

CARF INTERNATIONAL BOOTH #64

The CARF International independent, nonprofit accreditor of health and human services. CARF assists service providers in improving the quality of their services, demonstrating value, and meeting internationally recognized organizational and program standards. More than 10.3 million persons served annually by CARF-accredited service providers. The accreditation process applies sets of standards to service areas and business practices during an on-site survey. Accreditation, however, is an ongoing process, signaling to the public that a service provider is committed to continuously improving services, encouraging feedback, and serving the community. Accreditation also demonstrates a provider's commitment to enhance its performance, manage its risk, and distinguish its service delivery.

CAROLINA PARTNERS IN MENTAL HEALTHCARE BOOTH #88

Carolina Partners was established in 1994 by siblings Yvonne, Steven, and Stan Monroe. Driven by the desire to provide North Carolina with better mental health services, the family opened 2 offices in Henderson, NC and Chapel Hill, NC. Now 24 years later, the family business has grown to 35 locations throughout North Carolina and has become the largest private mental health practice in the area. At Carolina Partners, the community drives every decision we make. We understand that our clients need accessible, comfortable, safe places to seek care. We also understand that each person's needs are unique. We provide access to over 120 professional associates with diverse areas of mental health care expertise who can work together, which allows us to provide our clients with the best possible, comprehensive care available. Our environment is one of mutual respect and care for our providers. We have comfortable, state-of-the-art workplaces that promote excellence and allow our providers to do their best work.

JANSSEN

BOOTH #26

Janssen Pharmaceuticals, Inc., a pharmaceutical company of Johnson & Johnson, has a longstanding legacy developing innovative therapies and supporting programs,

especially in mental health. In the 1950s the company's namesake, Dr. Paul Janssen, discovered and developed a novel schizophrenia treatment. Since then, Janssen has pioneered the development of long-acting atypical injectable antipsychotics (LATs) for schizophrenia, offering patients long-acting symptom control. The company remains unwavering in its commitment to helping improve the lives of patients and their families by focusing on access to care, and delivering new treatments.

OLD VINEYARD BEHAVIORAL HEALTH SERVICES FOYER EXHIBIT

Old Vineyard Behavioral Health Services is a private 102-bed facility dedicated to the behavioral health patient population with different levels of service including inpatient acute care, partial hospitalization (day program), and an intensive outpatient (morning) program. Services are available for adolescents (12-17) and adults—including a seniors unit and a dual diagnosis adult unit. Located in a peaceful, campus-like setting, the Winston-Salem based facility is accredited by The Joint Commission. We are committed to a patient experience which involves a variety of therapeutic techniques including behavioral therapy (CBT and DBT), recreation therapy, and pet therapy. Our Partial Hospitalization Program is a day program that typically lasts approximately two weeks. Individuals in the partial program will build coping skills relating to interpersonal effectiveness, stress tolerance, emotion regulation, and mindfulness. This program also involves a psychiatrist for medication management. In addition, Old Vineyard has an Intensive Outpatient Program with a licensed therapist that meets three mornings each week. Old Vineyard accepts most major insurance plans including BCBS and Medicare, and is in-network for Tricare to serve our military service members and their families. Our admissions department is open 24/7 for free confidential assessments and referrals. We encourage appointments to expedite your visit; however, walk-ins are welcome. Our clinical intake department will determine plan of action shortly after arrival. Please call 336-794-3550 for assistance or to make a referral.

OXFORD HOUSE BOOTH #70

Oxford Houses are a clean and sober housing option for individuals in recovery. The first North Carolina Oxford Houses were established in Durham and Asheville, NC in the spring of 1991. North Carolina is part of a network of 2,000 Oxford Houses with more than 16,000 beds. As of October 2016 there are 221 houses in North Carolina, with locations in 30 cities. With an average of 8 beds per house, there are more than 1,650 Oxford House beds in the state. Individuals typically enter an Oxford House after completing a drug and alcohol treatment program. Individuals living in a house are expected to participate in a recovery program in the community during their residence.

PARADIGM BOOTH #20

Paradigm Labs is an independent clinical laboratory specializing in clinical toxicology for medication management and substance use disorder treatment facilities, including medication assisted treatment (MAT). The laboratory is located on St. Simon's Island, Georgia, and is an accredited clinical laboratory, duly authorized to perform high complexity testing. Paradigm has national contracts with several commercial payors, including United Healthcare. Paradigm also has regional contracts, including BCBS-NC. Paradigm participates in Medicare and various state Medicaid programs. Paradigm follows the Model Guidance for Clinical Laboratory Compliance. Paradigm uses a state of the art LC-MS/MS presumptive mass spectrometry screen that tests for more than 50 specific drugs. The Benchmark Presumptive LC-MS/MS test offers the clinician much greater insight into a patient's recent drug utilization than does immunoassay (chemistry analyzer) testing. Turnaround time for Benchmark LC-MS/MS presumptive results is 24-48 hours from the laboratory's receipt of the specimen. Paradigm's Benchmark LC-MS/MS Presumptive Test minimizes the need for expensive definitive (confirmation) testing, and will specifically reduce the need for Tier 2 through 4 definitive test profiles, which are often found by payers to be medically unnecessary and unreasonable.

We use specialized equipment and skilled craftsmen to produce versatile, highly durable furniture. Some have tried to copy our style yet cannot match the quality of construction or our dedicated customer service.

We are committed to meeting the needs of our commercial customers including resident care programs, health care facilities, fire departments and universities, among many others. Our multiple product lines provide decorating options that allow our customers to create a long-lasting, home-like atmosphere in any housing environment.
