

# Request for Presentations

2019 Spring Conference  
Pathways to Progress  
June 10-11, 2019

North Raleigh Hilton  
Raleigh, NC

**APPLICATIONS DUE  
MARCH 8, 2019**

Please send  
submissions to  
[jean@i2icenter.org](mailto:jean@i2icenter.org)

The i2i Center's Spring Conference offers presenters and their organizations exposure to 500 leaders and professionals representing private and public healthcare payers, MH/IDD/SUD and health providers, State agencies, advocates, consumer and family members and other stakeholders.

North Carolina is undergoing major system transformations that will impact every aspect of public services over the next several years. i2i is focused on supporting implementation and innovations in the evolving system that will improve whole person, integrated care in physical and behavioral health and in I-DD services.

**We are seeking proposals for Insight To Innovation Topics.** These are 1 hour sessions designed to offer attendees information about your program, service, or project. Focus may include any or all of the following: (1) How/why your program was implemented; (2) How it addresses whole person care; and (3) Positive outcomes resulting from this work.

Proposals may address the operational, service and/or administrative aspects of any of the following areas:

- **Improvements in administrative operations or services that advance whole person care in a managed care environment (ex: payment structures, performance measures, outcomes)**
- **Technological advancements that improve organizational management and/or individual care (ex: electronic health records, digital transformation, consumer self management technology)**
- **Innovations to improve consumer participation and/or access to care (ex: self-advocacy initiatives, cross-system linkages, recovery, peer support).**

**Note:** Priority will be given to proposals that reflect evidence-based practices and/or national trends in business models.

**PLEASE ANSWER ALL QUESTIONS BELOW** (This is a writable PDF document)

**PRESENTATION TITLE:**

**PRESENTATION TOPIC:**

**DESCRIPTION OF SESSION:**

May be used in conference program, keep to 120 words or less

**COURSE OBJECTIVES:**

List up to 4 - i.e. "Participants will be able to..."

# PLEASE ANSWER ALL QUESTIONS BELOW:

TARGET AUDIENCE:

HAS THIS TOPIC BEEN PRESENTED AT OTHER VENUES, IF SO WHERE AND WHEN?

NAMES AND TITLES OF PRESENTERS:

Recommend no more than 3 presenters (Please attach short bios, photos and email contact for each)

CONTACT PERSON FOR FOLLOW UP:

Name, email, and phone

**Thank you for your application!** You will be contacted about your submission via email by the end of March. Questions? Please email [jean@i2icenter.org](mailto:jean@i2icenter.org).

**Presenter Compensation:** Presenters will receive a complimentary conference registration for the day of their presentation. All other costs incurred are the responsibility of the presenter. i2i is not responsible for hotel, travel, or any other costs incurred unless agreed upon in writing.

**Presentation Agreement:** If you are a vendor making a submission, you agree to present as an expert in your field addressing a specific subject, not for the purpose of detailing the benefits of your company/products/services. Serving as a presenter allows for beneficial exposure to a broad range of MH/IDD/SUD and healthcare leaders and should focus on information/knowledge. Your organization's logo should only appear on your speaker introduction slide. i2i will provide an i2i Conference PowerPoint template for use with your presentation. **By accepting i2i's invitation to serve as a presenter, you agree to these terms.**
