SPARKING INNOVATION

Call For Presentations

2019 Conference & Exhibition

DECEMBER 4-6, 2019
Pinehearst Resort,
Pinehearst NC

APPLICATIONS DUE AUGUST 9, 2019
Please send submissions
to **jean@i2icenter.org**

The i2i Center's conference has a 20+ year history and offers presenters and their organizations exposure to over 1,000 leaders and professionals representing private and public healthcare payers, MH/IDD/SUD and health providers, State agencies, advocates, consumer and family members and other stakeholders.

North Carolina is undergoing major system transformations that will impact every aspect of public services over the next several years. i2i is focused on supporting implementation and innovations in the evolving system that will improve whole person, integrated care in physical and behavioral health and in I-DD services.

We are seeking **1 Hour Sparking Innovation Topics** designed to offer attendees information about your program, service or project – 1) how/why your program was implemented, 2) how it addresses whole person care and 3) the positive outcomes that have resulted. Note, priority will be given to projects/programs that are evidence-based and/or follow national trends in service or business improvements. **Please only submit proposals for agendas that can be covered in the one-hour time period.**

Proposals may address the operational, service and/or administrative aspects of any of the following areas:

- **Improvements in administrative operations or services that advance whole person care in a managed care environment (ex: payment structures, performance measures, outcomes)**
- **Technological advancements that improve organizational management and/or individual care (ex: electronic health records, digital transformation, consumer self management technology)**
- **Innovations to improve consumer participation and/or access to care (ex: self-advocacy initiatives, cross-system linkages, recovery, peer support).**

PLEASE ANSWER ALL QUESTIONS BELOW:

TARGET AUDIENCE:

HAS THIS TOPIC BEEN PRESENTED AT OTHER VENUES, IF SO WHERE AND WHEN?

NAMES AND TITLES OF PRESENTERS:
Please no more than 3 presenters (please attach short bios, photos and email contact for each)

CONTACT PERSON FOR FOLLOW UP:
Name, Email and phone

Thank you for your application! You will be contacted about your submission via email at the end of August. Questions, please email jean@i2icenter.org.

i2i can cover up to 3 Sparking Innovation presenters with a complimentary 1 day conference registration for the day of the presentation. All other costs incurred are the responsibility of the presenter(s). i2i is not responsible for hotel, travel, or any other costs incurred unless agreed upon in writing.

Presentation Agreement: As a presenter you agree to present as an expert in your field addressing a specific subject, not for the purpose of detailing the benefits of your organization/product or services. Serving as a presenter allows for beneficial exposure to a broad range of MH/IDD/SUD and healthcare leaders and should focus on information/-knowledge. Your organization's logo should only appear on your speaker introduction slide. i2i will provide an i2i Conference PowerPoint cover slide for use with your presentation. By accepting i2i's invitation to serve as a presenter, you agree to these terms.
