

## **New Opportunities & Goodbye**

With the rapid pace of change in our system and the many issues to be addressed - technology, virtual care, integration, increasing consumer voice, health equity, etc. i2i has a **new opportunity in the future to expand our December winter conference.**

We have been meeting at the Pinehurst Resort's Carolina hotel for over 20 years. While this has been a wonderful venue that we have all enjoyed, space is at a premium and we are maxed out. The resort is moving their business in a new direction and so is i2i. **Starting in 2023, i2i will host the December event in a venue that will allow us to expand trainings, networking and exhibitor participation** all while ensuring that this anticipated annual event continues to be accessible to all stakeholders. We are excited and will reveal more when the time comes.

In the meantime, **plan to join us for our last conference in Pinehurst, NC – December 7-9 (pre con Dec. 6).**

**Look for Registration and Hotel Reservations to begin mid-September.**
