**Our goal is to ensure
every individual receives
the right care –
at the right time –
in the safest
environment possible.**

Community Alternatives North Carolina

- Voca Corporation of North Carolina
- EduCare Community Living Corporation

Expertise in Home and Community-based Settings

- Safe, personalized home environments
- Support services for each individual's unique need – up to 24/7 care

Integration of Health Services

- Care coordination and care management
- Access to multidisciplinary teams that include clinical and behavioral support services
- Medical and behavioral high-acuity expertise

Tailored Care Management

- TCM provides Care Management to connect individuals with a full range of community resources and social supports, including medical, residential, and specialty providers, and offers assistance with applications for needs such as housing and transportation.

Personal Safety and Quality

- Real-time medication adherence through reliable, electronic medication tracking tools
- In-person or virtual caregiving

People Helping People in North Carolina

ResCare Community Living provides an array of services to individuals who need assistance with daily living due to developmental, cognitive or intellectual disabilities, and dual diagnoses. While specific services vary by location, ResCare Community Living contracts with all four North Carolina Tailored Plans to provide Innovations Waiver, 1915i, State and ICFIDD services. Highly trained direct service professionals provide person-centered services to individuals in our licensed group homes, day programs, alternative living arrangements and in the community. In addition, we offer specialty services for those with traumatic brain injuries. In our service delivery, we provide person-centered supports that allow for individual choice in treatment plans.

Helping Individuals Live Their Best Life

We are dedicated to impacting communities for the better with a mission to help individuals live their best life. Every day we focus on programs, services, training and technology that improve the health and well-being of the individuals we serve. We specialize in safe, cost-effective programs and services with proven results.

Quality and Safety Programs You Can Trust

Our care management tools and programs:

- Keep the individuals we serve safe
- Enhance independence
- Improve quality outcomes
- Lower health care costs

STARTING STRONG TOGETHER JANUARY 14-15, 2026

WHY YOU SHOULD ATTEND

This year's i2i Center Winter Conference will bring together state and national experts, leaders, frontline professionals and people with lived experience to explore strategies to get ahead of the evolving policy landscape. Together, we will prepare by **Starting Strong Together** in the new year.

With new federal and state legislative and budgetary actions, we are now seeing a major shift in national priorities and funding that will impact Medicaid and publicly-funded services.

Over the past several years, North Carolina has emerged as a national leader in Medicaid innovation. The state has prioritized whole-person, integrated care through its Medicaid Standard and Tailored Plan programs, particularly for individuals with behavioral health and intellectual/developmental disability (I/DD) needs. These efforts have led to significant advancements in healthcare partnerships and community-based collaborations to better support members. Maintaining the trajectory of progress is difficult when policy changes occur and being informed and staying two steps ahead is crucial.

WHO SHOULD ATTEND?

Anyone in the NC Medicaid system that is managing, experiencing or providing care to the BH/IDD population who wants to better understand the new structures, partnerships and program collaborations needed to strengthen integrated whole person care. This includes: Managed Care Organization leadership, Provider Organization leaders; Healthcare Professionals and Administrators, State and Private Hospital leaders, Qualified Professionals, State Agency leaders, DHHS leaders, State and Local

DSS, Psychologists, Psychiatrists, Counselors, LCSW, Social Workers, Individuals with Lived Experience, CFAC members, Advocates, Peer Support Specialists and staff, County Commissioners, members of the General Assembly, and others interested in our system.

MORE NETWORKING!

This conference will offer the easy-to-use mobile APP and web platform from  Whova. Whova provides attendees an enhanced networking experience with many opportunities to **connect, share and access information** through:

- **Direct Messaging** before, during and after the conference, plan and set up Meetings and Meet Ups
- **Start Discussions** on Topics of Interest
- **Connect** with Exhibitors, Attendees and Speakers
- **Access** to All Session Materials, Agenda and Power Points
- **Extend Session Q&A with Speakers** – forgot to ask a question? Post your question after session ends!
- **Share & Post** – Job Openings, Upcoming Events, Articles, Links and Photos
- **3 Month Access** – forgot to download a power point, want to watch a virtual session? No problem, you have up to 3 months to access the platform! You can continue to **Message** Participants, **Post** Information, **Review** Session Materials, and **Talk** to Speakers and Exhibitors

Not familiar, with Whova? Watch this quick [Whova Introduction video](#)

CONFERENCE RESOURCES

EXCEPTIONAL NETWORKING

The i2i Center brings together diverse groups representing all levels of the behavioral health and I/DD integrated, whole-person care system: executive level leaders, those with lived experience, advocates, state leaders, educators and others to learn, share and connect. Inherent within our conference, and a key part of i2i's mission, is valuing all perspectives. This conference has a very successful 30 year history. Attendance is a yearly tradition for almost 800 system stakeholders in North Carolina and beyond. We are known for our outstanding content, expert speakers and amazing networking opportunities.

EXHIBITION

JANUARY 13-15 2026
9:00 A.M. - 4:00 P.M.

Expect a busy exhibit hall! With over 100 exhibitors participating at the conference, you'll have the opportunity to connect with a wide range of companies eager to support your organization with enhanced services, technologies and information. You will gain access to the latest innovations in technology, clinical services, direct care, AI support, assistive technology devices, consulting, data management, financial services, insurance, pharmacy, inpatient care, and more. Dedicated professionals will be available to engage with you in person on Tuesday, Wednesday and Thursday. [View current list of Exhibitors.](#)

VALUE ADDED PARTNERSHIPS

NORTH CAROLINA
System of Care

The national System of Care principles are a framework for child mental health service delivery in North Carolina and across the nation, and they align closely with the vision of integrated, whole person care. Using this synergy, NC DHHS and Division of Child and Family Well-Being (DCFV) is building out the foundation of System of Care in North Carolina. With this goal in mind, for the **2nd year in a row, the i2i Center and DCFV have partnered together to develop a 3-day System of Care Expo** on topics specifically related to children, youth and families. You can focus your conference experience on these topics by attending sessions tagged as a **System of Care Expo Track**.

SPONSORED BY

NC DEPARTMENT OF
**HEALTH AND
HUMAN SERVICES**
Division of Child and Family Well-Being

NEW - ADVANCED SUCCESS SESSION

i2i Center has created a new type of session offering, called **Advancing Success**. These sessions **provide attendees with a product-driven review of the latest technology or service, highlighting real-world examples of its impact to help you drive success in your organization.**

This year **Inperium** will be sponsoring an Advancing Success session on **Innovation Through Collaboration: Strengthening Programs, Quality, and Sustainability** at Scale on Wednesday from 1:30 - 2:30 p.m.. Explore how mission-driven partnerships can drive scale, sustainability, and impact. Inperium will share key lessons from 35+ successful collaborations, offering a reinvestment-focused alternative to the traditional mergers and acquisitions models —empowering organizations to grow without compromising identity or care. [Session Details](#)

LIVED IN EXPERIENCES COLLABORATIVE: STORIES TO SOLUTIONS

WEDNESDAY, JANUARY 14, 2026

Calling individuals with lived experience, self-advocates, family members, and care partners!

The i2i Center is proud to again partner with AKALAKA to offer the Lived Experiences Collaborative: Stories to Solutions. This is an important opportunity for individuals with lived experience to translate policy initiatives into what is critical to them. Grab your lunch and attend! This working lunch will offer participants the opportunity to talk about timely policy issues and develop recommendations on how to approach the issues from the perspective of lived experiences. Participation is limited to individuals with lived experience, self-advocates, family members and care partners of individuals with lived experience.

LUNCH & LEARN SESSIONS JANUARY 14-15 2026

IBM, Inperium, ZeOmega and others national organizations have hosted Lunch & Learn events – you should too! Lunch and Learn's allow attendees to take a deeper dive into the resources available to empower their program's success. During lunch, you'll have the opportunity to attend a 30-minute session dedicated to services, technological innovation, or resources geared toward equipping you for this rapidly evolving service environment.

To host a Lunch & Learn session, contact jean@i2i2center.org.

New Year Reset to Plan for Change

Medicaid Symposium: Identifying Priorities When Everything is Shifting

The beginning of a new year is a chance to reset. With the rapid pace of policy and funding changes, it's hard to identify the best strategies to stay current. This session provides all the policy information needed to hit the reset button. Conferees will get timely updates around federal and state changes to Medicaid and public health and human service funding. Conferees will also hear the strategies and next steps for NC DHHS and Medicaid Plans to comply with policy and funding changes. This is a one-stop session that will help you to identify priorities for you and your organization.

OBJECTIVES

- Review the latest information on national and state policies that impact the public MH/IDD/SUS funding.
- Discuss the steps Medicaid Plans are taking to assist providers and ensure a continued, strong provider network for members.
- Describe how the State Division of MH/IDD/SUS Strategic Plan is playing a positive role in progressing the public system.
- Identify the strategies that NC DHHS will take to comply with federal and state policy and funding changes.

ADVANCING SUCCESS

3:00 P.M. – 5:30 P.M.

System of Care Expo Kick Off

Breaking Silos & Building Bridges: How System of Care is Working in NC

The 2nd Annual System of Care Exposition will kick-off with this pre-conference session to learn & share more about child behavioral health & system of care in North Carolina. Join us for a discussion around identifying and connecting child behavioral health systems! Participants are encouraged to share knowledge from their professional and lived experiences, as well as engage and learn from others. There will be interactive discussion, presentations from the NC System of Care team, and workforce resilience opportunities throughout the session.

The national System of Care principles are a framework for child mental health service delivery in North Carolina and across the nation. These values are foundational to serving children, youth and families. In addition, they align closely with the vision of integrated, whole person care. Using this synergy, NC DHHS and Division of Child and Family Well-Being is building out the foundation of System of Care in North Carolina. The i2i Center and Division of Child and Family Well-Being are partnering to offer this Exposition as an opportunity for participants to focus their conference experience on topics related to children, youth and families. Exposition sessions will continue throughout the conference and are tagged as a **System of Care Expo Track**.

OBJECTIVES

- Discuss the NC DHHS \$14.8M System of Care Expansion Grant.
- Identify and learn more about child behavioral health systems in North Carolina.
- Describe the System of Care approach in North Carolina.
- Review NC System of Care Child Collaborative data for strengths, gaps and opportunities in your community.

THANK YOU I2I FRIEND

OPENING PLENARY KEYNOTE

9:00 A.M. - 10:00 A.M.

Building A Vision & Strategy for Navigating Uncertain Times: The Health & Human Service Leader's Challenge

Our keynote speaker, **OPEN MINDS CEO Monica Oss**, will kick the conference off by providing national insight into the health and human services landscape. As health and human service stakeholders look ahead to the new year, Oss will highlight the areas of best practice, market development and provider organization sustainability that should be a focus for the year. Funding, reimbursement and service policies are shifting quickly. The conference opens with an opportunity to hear about the evolving best practice models for service delivery and how providers, payors, states and service-users can be nimble and pivot with the unexpected.

OBJECTIVES:

- Discuss where states, payors, providers should put their efforts in the coming year and where they can find opportunities.
- Describe Medicaid policy changes and their implications for providers, payors and service-users.
- Identify key areas to adapt to changes in the health and human service landscape.

SPEAKER

MONICA OSS

Chief Executive Officer, OPEN MINDS

CLOSING PLENARY KEYNOTE

4:00 P.M. - 5:00 P.M.

Finding the Opportunity in Change

Few can provide a summation of policy and funding changes and how we can find the opportunities than our closing speaker, **Secretary Kody Kinsley**. His insights gained as NC DHHS Secretary during Covid and his role in expanding Medicaid and transforming the behavioral health system of care in North Carolina all attest to his keen ability to find opportunities in difficult circumstances.

Conferees will hear a call to action that will help individuals and organizations strategize for a successful year. Secretary Kinsley has been an active policy advisor at the national and state levels and has been providing insight and guidance as policy and funding changes occur.

OBJECTIVES:

- Identify key challenges and opportunities in the policy and funding landscape for health and human service stakeholders.
- Review the insights gained by Kinsley on federal health and human service transformations occurring as part of his new roles with national education and policy institutions.
- Describe the federal and state changes that will impact North Carolina's public health and human services system.

SPEAKER

KODY KINSLEY

Senior Policy Advisor, Institute for Policy Solutions, Johns Hopkins University and Former Secretary of NC Health and Human Services

GENERAL SESSION

3:00 P.M. - 4:30 P.M.

Medicaid Managed Care: Past Lessons, Future Directions

With so many policy and funding changes occurring at the same time, the NC Medicaid Plans have been challenged to maintain their networks and stability for their members. These panel discussions will cover the lessons learned by Standard and Tailored Plans and how they have informed next steps. Panelists will cover topics such as efforts to align utilization management policies and reduce provider burdens, ensuring behavioral health parity remains a priority, use of innovative services to support members, care integration between physical health and behavioral health, including the care management role, and transitions of care – especially the unique challenges posed by statutory requirements when members move between Standard and Tailored Plans.

OBJECTIVES:

- Describe innovative services that are progressing the community-based service system, including peer support.
- Discuss how care integration and care management are being utilized to bring about better outcomes for members.
- Review transition of care mechanisms that assist members.
